BUTTE AGREES TO A NEW WAGE SCALE FOR MEN

BUTTE, Mont., July 15.—An agreement for a new wage scale providing for an increase of \$1 a day for mine and smelter employees of the Anaconda copper mining company here and at Great Falls and Anaconda, Mont., was reached at a conference here today between C. F. Kelley, president of the company, and representatives of the employees.

Colonel Cowans Says Men Were Without Transport

WASHINGTON, July 15.—American soldiers in France were "of superb spirit, but a bit groggy as an army" when the armistice was signed, a house was investigating committee was told today by Colonel Fred L. Huldehoper, formerly adjutant of the Thirty-third (Illinois) division.

hoper added, "were of the opinion that American troops were not given the shelter and care that should have been given men."

Japan's Right to Shantung Is Being Questioned

WASHINGTON, July 15.—Senator Fall, Republican, of New Mexico, asked whether, in case China should use force to regain Shantung, the United States would not have to contribute military force against China at Japan's request.

"Not at all. The senator never was more wrong," Senator Hitchcock replied. "We are not making a gift to Japan, nor a bribe," he added, emphasizing that Japan was to receive no territorial nor sovereign rights in Shantung but merely commercial concessions, including railroads.

Senator Thomas, Democrat, of Colorado, expressed condemnation of Germany's action in securing the Chinese concessions, but said something should be said in support of Japan's claims.

He read statements by Japanese statesmen in an effort to establish the sincerity of Japan's intention to return Shantung to China, and continued: "I do not think it is fair to assume that our allies were actuated by any more dishonest motives than those which actuated us."

FLEET ON THE PACIFIC.

WASHINGTON, July 15.—Senators and representatives from the Pacific coast discussed with Admiral Hugh Rodman today the forthcoming voyage of the Pacific fleet to the west coast. Admiral Rodman said he planned to study conditions on the Pacific seaboard with a view to making recommendations to the department for such improvements of existing naval bases as will be necessary for the maintenance and development of the fleet.

PARTISAN FIGHT OVER SUNDRY BILL IN HOUSE

WASHINGTON, July 15.—Consideration in the house today of the sundry civil appropriation bill as remodeled to meet the objections raised by the president in vetoing it, precipitated a partisan battle which finally prevented further progress on the measure and ended only when the Republicans forced through a motion to adjourn.

The discussion began when the rules committee brought in a special rule for the immediate consideration of the appropriation measure, changed to provide \$12,000,000 for the rehabilitation of wounded soldiers and sailors, instead of \$6,000,000 as originally carried.

Democrats opposed the resolution, declaring if it were adopted and the sundry civil bill would be passed, it would enable the Republicans to avoid placing themselves on record as being opposed to the president's veto, and therefore opposed to an increase in the appropriation for the vocational training board. They contended that a president's veto, according to the constitution, would have to be rejected or accepted by a record vote.

Republicans argued, however, that such a course was backed by precedent and would expedite action on the measure. Speaker Gillett overruled a point of order raised by Minority Leader Champ Clark and the resolution was adopted by a substantial majority. Debate on the appropriation bill itself resulted from attempts of Democrats and Representative Madden, Republican of Illinois, to increase the vocational training appropriation. It was contended that the first duty of the country was to provide for its injured soldiers, regardless of the expense and that \$12,000,000 was entirely inadequate. The amendments were opposed by Chairman Good of the appropriations committee, who declared that even \$12,000,000 was more than the vocational training board had ever asked for.

WILSON HOLDS MEETING WITH HIS CABINET

WASHINGTON, July 15.—President Wilson and his cabinet met today for the first time in nearly seven months. The meeting lasted more than two hours and at its conclusion it was understood that a vast number of domestic problems had been under discussion and that the president had acquainted the cabinet officers with interesting details of the peace negotiations in Paris.

All of the nine members were present with the exception of Secretary of State Lansing who is en route home from Paris. His place was taken by Under Secretary Polk. There were indications that among the subjects discussed were demobilization, resumption of commercial relations with Germany, the Russian situation, Mexico, and governmental financial matters.

Before and after the meeting the president conferred with individual members of the cabinet. Attorney General Palmer arrived fifteen minutes before the meeting and discussed among other things appointments for federal judgeships in Missouri, Ohio and Georgia. Apparently names were decided upon, but it was indicated they would not be announced until they had been sent to the senate for confirmation.

Postmaster General Burleson remained closeted with the president for an hour after the meeting had broken up. He went directly from the White House to his office and soon afterward it was announced that postal relations would be established with Germany at once. Responding to inquiries, the postmaster general said as he left the White House that there was "absolutely no truth" in recent rumors that he was about to leave the cabinet.

Inauguration of a new policy in regard to congressional callers also was announced at the conclusion of the meeting. Secretary Tumulty said that hereafter the president would endeavor to leave open certain hours on as many days of the week as possible for the purpose of conferring freely with senators and representatives.

The usual formality of making an appointment in advance will not have to be gone through with. Senators and representatives who desire to talk with the president on any subject merely will have to present themselves at the White House and they will be received. The new policy will go into effect tomorrow. It was indicated, also, that during the next few days cabinet officers would make extraordinary efforts to close up several matters of national importance so they can be considered by the president who was represented as being anxious to clear his calendar as speedily as possible.

Secretary Baker and Acting Secretary Polk appeared to have brought up more matters for discussion than the other cabinet officers. Each had an armful of documents with him.

Raisuli Again Attacks Spanish And Is Defeated

MADRID, July 15.—Raisuli, the Moroccan bandit, according to an official communication issued today, again has attacked the Spanish positions at El Arish, but was repulsed after a long and bitter fight. The bandit, realizing that the Spanish troops had cut off communication between his camp and Tangier, decided to attack and the communication said it was carried on furiously.

Raisuli suffered heavy losses, leaving many dead and wounded on the field. The communication adds the Spaniards also lost heavily but that they are pursuing Raisuli, who is fleeing into the mountainous country.

PARIS, July 15.—A Havas report of the fighting in Morocco differs greatly from the official communication from Madrid. According to the Havas report instead of being in flight Raisuli personally is conducting a bitter attack with extraordinary violence.

While saying that the attack was repulsed, the Havas despatch adds: "It is to be regretted our losses are so heavy. All dispositions have been made to continue resistance and to impede any Moroccan advance." The attack of the Moroccans was launched July 12.

4,000 HARVESTER COMPANY MEN OUT ON STRIKE

CHICAGO, July 15.—About 4000 employees of the McCormick works of the International Harvester Co. struck today. No demands were made on the company, according to a statement issued tonight. About 2000 employees of the plant remained at work and other plants of the corporation were not affected.

"The average hourly wages at this plant have increased 114 per cent since June, 1914," the statement said. "In the absence of information to the contrary, the company is inclined to attribute today's action to the prevalent spirit of industrial unrest rather than to any specific cause."

No disorder attended the strike. Police were called to the plant when a crowd gathered but it soon dispersed. The strikers made no statement.
